

NATIONAL VOCATIONAL QUALIFICATIONS IN INFORMATION & LIBRARY SERVICES TO BE RE-LAUNCHED

We are pleased to announce that City & Guilds have agreed to be the Awarding Body for the Information & Library Services NVQs, at Levels 2 and 3.

They have submitted the qualification to the Qualifications & Curriculum Authority for accreditation and this is expected shortly.

A number of launch events have taken place and one more is being planned – details available shortly.

Organisations wishing to become Assessment Centres for this qualification should get in touch with City & Guilds now. Their telephone number is 020 7294 2468.

City & Guilds are aiming to make the qualification available from September 2002.

We have been exploring the feasibility of some sort of peer support group for those involved in delivery of this qualification. From our soundings there seems to be support for this and we will pursue it further in the autumn. If this would interest you, please let us know.

If you have any queries about the ILS NVQ, don't hesitate to contact us.
